Responsible Dog Ownership Course

Empowering dog owners through out-of-court disposals

What is the Responsible Dog Ownership Course (RDOC)?

A straightforward and accessible half day course for low level dog related crimes. Suitable for offenders aged 18 and over, the course aims to enhance knowledge and attitudes towards dog legislation, safety and improve awareness of animal welfare and behaviour through a non-judgemental and reflective approach.

Offenders need to be referred on to the course and pay a standard fee prior to completion. All money will go towards our work helping pets in need.
